

## Get to Know Your Gear

## Getting Started

1. Be sure to **ACTIVATE YOUR WARRANTY** at [www.GOALZERO.com/warranty](http://www.GOALZERO.com/warranty)
2. Connect the ROCK OUT to your audio player with the audio input cord.
3. Turn it on to start playing.
4. Recharge through any USB power source, with included USB cable.

## How to Use

- 1 **Audio input cord**  
Plug your audio device into the built-in 3.5mm audio input.
- 2 **Power switch and Power LED**  
Slide power switch to "ON." Red indicates power is on.
- 3 **USB-mini charging port and Charging LED**  
Charge directly from any USB power source, with included USB cable. Red light indicates charging and turns off when full.
- 4 **Audio output port**  
Chain an additional ROCK OUT speaker through this port.

Charging port	Mini-USB jack, 5V
Audio input cord	3.5mm male plug, line-level
Outputs	
Audio output port	3.5mm female audio jack, line-level (chaining)
Internal	
Speakers	2x 40mm, 4 ohm, 2W drivers
Amplifier	Stereo, 2W max, 70dB SNR, 70Hz-18KHz
Battery	Lithium-ion, 3.7V, 0.6Ah (2.0 Wh)
Battery mgmt.	Integrated and fully automatic
General	
Weight	14.4 oz (0.40 kg)
Dimensions	6x5x3 in (15 x 12.7 x 7.6 cm)
Warranty	12 months
Certifications	CE and FCC
Optimal operating temp.	32-104°F (0-40°C)

## Comes With

- Mini-USB charging cable
- Audio input cord (built-in, 3.5mm plug, 300mm cord)

## Frequently Asked Questions

### How durable is it?

The ROCKOUT is impact and weather resistant. It can handle a hit, but take care to protect your audio equipment if stored inside.

### Does it need to be plugged in for power?

Nope. The ROCKOUT has a built in battery that will last up to 20 hours depending on how loud you crank the volume. Recharge from any USB power source.

### Can multiple speakers be chained together?

Yes. Chain any number in close proximity together with the built-in cording, or use a 3.5mm audio extension cable for larger spaces. Each speaker in the chain must be recharged separately.

### Is the internal battery replaceable?

No, but it will last for hundreds of cycles, or several years of use.

## Compatible With

### Audio devices, like:

- Smartphone
- MP3 player
- Laptop
- Anything with a phone jack

### GOAL ZERO products:

- NOMAD solar panels
- GUIDE 10 PLUS
- SHERPA power packs
